We are happy to inform you that the African Society for Sexual Medicine organized their Biennial Meeting from 15 – 17 December 2011 in Dakar, Senegal. At this meeting the African Society for Sexual Medicine has been officially re-established. On the 16<sup>th</sup> of December the Business Meeting took place, at this meeting all members of the Board of Directors have been elected by the ASSM Members. The next biennial ASSM meeting will take place in 2013.

The specific and primary purposes of the ASSM are to:

- establish a scientific society to benefit the public by encouraging the highest standards of practice, education and research in the field of human sexuality;
- develop and assist in developing scientific methods for the diagnosis, prevention and treatment of conditions affecting human sexual function;
- promote the publication and encourage contributions to the medical and scientific literature in the field of sexual function;
- focus on the African area specific major sexual health problems and explore the potential of the old African remedies.

The ASSM welcomes all specialists in the field of sexual medicine to become a member of the ASSM.
